MOSS IMPERSONATED REVENUE OFFICER

THIS IS CHARGE AGAINST YOUNG MAN FROM RALEIGH—INSPECTED ELKS' CLUB AND CIGAR STORE —CLAIMS HE WAS DRUNK.

United States Deputy Marshal T. W. Vincent last night arrested W. V. Moss, a young man about 28 years of age, on the charge of impersonating a United States revenue officer. He was carried before Commissioner D. H. Collins and in default of a $500 bond was committed to jail to await a preliminary hearing next Wednesday morning at ten o'clock.

Moss came to Greensboro Friday afternoon from Raleigh. Yesterday afternoon he went to the Elks' club and represented himself as a United States revenue officer, showing a card to confirm his statement and a badge, also. He went through the club, looking into the various compartments, after which he visited King's Cigar Store and repeated his performance. Afterwards it was discovered that he was not an officer and a warrant was issued for his arrest.

Moss admits that he is guilty, but denied showing a badge of an officer. He declared that he was drunk at the time and did not know what he was doing. He states that he is in the employ of the Southern Railway at Raleigh.

Yesterday in Municipal Court

In Municipal Court yesterday morning Joe Brown was arraigned on the charge of breaking into the store of A. Horwitz and stealing a number of suits of clothes. The negro was bound over to Superior court, Brown's bond being fixed at $50. In default of bond he went to jail.

Frank James and Savannah Thomas, colored, were given a hearing on the charge of affray with a deadly weapon. The two had a regular scratch and tumble fight Friday night. Judge Eure sentenced James to the roads for thirty days, while the woman was sent to the workhouse for a similar period.

D. M. Stevenson was arraigned on the charges of drunk and disorderly, assault with a deadly weapon and resisting arrest. Stevenson declared that he was so drunk the night before that he did not know anything regarding his scrap with Officer Iseley. The case was continued until Monday morning in order to allow him time to prepare his defense.

Stevenson was convicted on the charge of assault some two years ago and was sentenced to the roads. He was pardoned by Governor Kitchin, conditioned on his good behavior. This trouble may annual the pardon, in which case he will have to serve his sentence on the roads.

High School Team Again Defeated

The High School baseball team met its second defeat of the season at Burlington yesterday afternoon, Burlington winning by a score of six to four. The Greensboro lads are not discouraged for while they were defeated the members did some good work and with a little practice feel that they can cope successfully with any High School team in the State.

Ministers' Association.

The regular weekly meeting of the Ministers' Association will be held Monday morning at 11 o'clock in the Ireland Bible class room.

Quarterly Meeting at Friends Church

New Garden quarterly meeting was held yesterday in the meeting house of the Asheboro Street Friends. A large number of representatives from the meetings were in attendance. Jas. R. Jones, of Indiana; Luanna Hobson, pastor of the Friends' meeting in High Point, and Carolina Edgerton, of Indiana, were present as guests of the meeting.

The morning session was devoted to the subject of ministry and oversight and was largely devotional in nature. The afternoon session was devoted to the hearing of reports from the four monthly meetings at Guilford College, Pomona, Greensboro, and Kernersville and a special planning for increased activity in foreign missions. Eugene Coltrane, chairman of the Yearly Meeting's committee on Sunday schools, reported that plans are being perfected to hold a five or six day Sunday school institute at Guilford College the week before Yearly Meeting next August.

Sergeant Asked to Offer For Commissionership

Mr. W. T. Sergeant, chairman of the Water and Light Commission, who has made such a splendid success in the management of Greensboro's waterworks, is being strongly urged by many representatives citizens to become a candidate for Commissioner of Public Works under the new plan of city government, and it is altogether probable that his formal announcement will appear in a few days. It has been known all the while that Mr. Sergeant would not become a candidate in the sense of one begging for a job, but his friends have understood that he would stand for election if a considerable number of representative and progressive citizens should indicate their desire for him to do so.

That there is a strong sentiment in favor of Mr. Sergeant for Commissioner of Public Works is shown by the following voluntary petition requesting him to become a candidate, the signatures having been secured without anything approaching a general canvass of the voters of the city:

"The undersigned voters of the city of Greensboro, recognizing the responsibilities and duties of Commissioner of Public Works to serve under the commission form of government, and believing W. T. Sergeant to be the best qualified man in the city for the position, hereby insist that he become a candidate for the office; and furthermore, we hereby request and urge Mr. Sergeant to allow his name to be used as a candidate for the said office:

REPORTS OF THE Y. W. C. A. WORK MOST ENCOURAGING

On Friday evening the regular business meeting of the Young Women's Christian Association was held, there being a large attendance of the membership. Mrs. J. P. Turner, president, presided, the devotional services being conducted by Mrs. L. H. Martin. The reports of the officers and committees for the past six months were submitted and proved to be of a most encouraging nature. The treasurer's report showed that the finances of the association were now on a firm basis.

The educational department reported much work done and offered to organize a class in millinery and plain sewing. This department is prepared to organize classes to meet every need of the young women of the city, especially those who have to work throughout the day and want to increase their efficiency along various lines.

The religious department is planning to co-operate with the ministers by holding evangelistic services in the different churches on Sunday afternoons, these services to take the place of the regular Y. W. C. A. vesper services.

Following the business session there was music by Miss Kate Friend, Miss Nancy Howard, Miss Preyer and Miss Marguerite Callum. Refreshments were served by Mrs. C. W. Bradshaw and Miss Marie Jones.

COUNTY COMMISSIONERS WILL CONSIDER A COUNTY COURT

Bill Passed by Senator Hobgood Has Important Features—Several Attorneys May Offer For Solicitor—Judge Eure Holds Until Election.

The County Commissioners will likely consider the new county court, provided by law subject to their adoption, at the adjourned meeting tomorrow. The law was drawn by Senator Hobgood at the request of the Guilford county grand jury at the recent term of court. It is applicable to the whole of Guilford county, High Point excepted, and gives criminal and civil jurisdiction. In case the County Commissioners decide to establish the court the Greensboro Municipal court law will be repealed and said court will cease to exist.

The law appoints Judge N. L. Eure as judge of the county court until the next county election, at which time a judge will be elected along with other county officers. The term will be for four years and the compensation not less than $1,200 nor more than $2,000 per annum. Prior to the election the salary shall be $1,800.

In case the County Commissioners decide to establish the court there will be a number of applicants for the office of prosecuting attorney. While the county attorney can be prosecuting officer in connection with his duties as attorney, it is not thought that he will be elected as the attorneys of the city feel that the work should be distributed. The fixing of the salary is left with the commissioners and as the court will meet daily this salary will probably be at least $1,000. The candidates so far known are E. D. Broadhurst, of Justice & Broadhurst; C. E. McLean, of Scott & McLean; S. Glenn Hudson, of Hudson & Swift, and Chas. A. Hines, for the past two years assistant to Prosecuting Attorney Shaw, of the Greensboro Municipal Court. The prosecuting officer will be elected by the County Commissioners for a term of four years.

The Clerk of Superior Court is to be clerk of the county court and may be allowed additional compensation of not more than $600.

The bill in full follows:

An Act to Authorize the County Commissioners of Guilford County to establish a Special Court for Guilford County With Civil and Criminal Jurisdiction to be known as Guilford County Court.

The General Assembly of North Carolina Do Enact:

Section 1. That subject to the conditions hereinafter set out an inferior court with civil and criminal jurisdiction as hereinafter prescribed, to be known as Guilford County Court, is hereby created.

Sec. 2. That said court shall have jurisdiction in civil actions and proceedings as follows:

First—Concurrent jurisdiction with Justices of the Peace in all civil actions, matters and proceedings, including all proceedings ancillary to civil actions, which are now or may hereafter be within the jurisdiction of the Justices of the Peace of Guilford County.

Second—Exclusive original jurisdiction in all civil actions, matters and proceedings, including all proceedings ancillary to civil actions, founded on contract or tort, wherein the Superior Court of Guilford County now has exclusive original jurisdiction: Provided the sum demanded or the value of the property in controversy shall not exceed one thousand dollars and the title to real estate shall not be in controversy.

Section 3. That said court shall have jurisdiction in criminal actions and proceedings as follows:

First—Concurrent jurisdiction with Justices of the Peace in all criminal actions, matters and proceedings arising out of criminal offenses committed within the limits of Guilford County.

Second—Exclusive original and final jurisdiction of all offenses and misdemeanors consisting of violations of the ordinances of the City of Greensboro.

Third—Exclusive original and final jurisdiction of all other criminal offenses committed within said County of Guilford, as also embezzlement, larceny of and receiving property not exceeding fifty dollars in value, all of which said offenses are hereby declared to be petty misdemeanors: Provided such jurisdiction shall not extend to violations of the ordinances of any town or city other than the City of Greensboro or to criminal offenses of which the Recorder's Court of the City of High Point has jurisdiction: Provided, further, that nothing in this act contained shall prevent the Superior Court of said Guilford County from assuming jurisdiction of any offense whereof exclusive original and final jurisdiction is given to said Guilford County Court if within four months after the commission thereof said Guilford County Court shall not have proceeded to take official cognizance of such offenses; provided, further, that the grand jury at any criminal term of the Superior Court of said county, may make presentments to said Guilford County Court in cases of which it has jurisdiction in the manner and under the conditions prescribed for presentments to said Superior Court.

Section 4. That in all criminal offenses committed in said Guilford County where final jurisdiction is not given to said Court, it shall have jurisdiction and it is hereby fully authorized to examine into the same and, upon probable cause being shown, bind the defendant over to the Superior Court of Guilford County or, if the crime charged be capital, to commit him to jail, as now provided by law in courts of Justices of the Peace.

Sec. 5. That said court shall have jurisdiction to try and determine all actions for the recovery of any forfeited bond made returnable to said court and for the recovery of any penalty imposed by law, together with the power to dispose of the same as now provided by law.

Sec. 6. That the Justices of the Peace and the Clerk of the Superior Court of said Guilford County are hereby authorized to issue process, both civil and criminal, and make the same returnable before said Guilford County Court for trial. The mayor of any of the incorporated towns of Guilford County may issue warrants and other criminal process and make the same returnable for trial to said Guilford County Court. All warrants shall be issued by the Clerk of said court, or the prosecuting attorney thereof and made returnable forthwith. Summons and other civil process shall be made returnable in not less than ten nor more than thirty days from the issuance thereof. If one or more of the defendants in any civil action be a nonresident of Guilford County the summons shall be returnable in not less than fifteen nor more than thirty days from the issuance thereof. The precepts and process of said court may be issued to the sheriff or other lawful officer of Guilford County, to any constable thereof, or to the police officers of the City of Greensboro or any incorporated town in Guilford County, in all cases in which the yare now authorized by law to serve process; and when given under the seal of said court precepts and process may be issued and directed to the sheriff or other lawful officer in any county in the State of North Carolina and be executed anywhere within the bounds of said State. Such officers shall serve process and precepts as now required by law. Service by publication may be made in the cases and under the rules now provided for service by publication in the Superior Court.

Sec. 7. That in all actions heard by the justices of the peaces and other examining magistrates of Guilford county in respect to any offense whereof said Guilford County Court has exclusive original and final jurisdiction, in which probable cause of guilt is found, the person or persons charged shall be bound in a suitable recognizance, with sufficient surety, to appear before said Guilford County Court for trial on a day specified, and within ten days from such preliminary examination, in default of which said recognizance such person or persons shall be committed to Guilford County jail until trial.

Sec. 8. That said Guilford County Court shall be open at all times for the dispatch of business: and the Judge thereof, if the business require, shall hold daily sessions at the court house, city hall or other suitable place in the City of Greensboro, North Carolina.

Sec. 9. That the pleadings in civil

Guilford Juniors Won This Debate

In the last of a series of three interclass debates held at Guilford College last night, the representative of the Junior class won the decision of the judges, which carried with it the silver loving cup offered by the college. The query was "Resolved that North Carolina should adopt the initiative and referendum."

The affirmative was upheld by Messrs. Carroll, Holt and Sellars, of the Freshmen Class; and the negative by Messrs. Woosley, Sawyer and Smith, of the Junior class.

The judges were Charles A. Hines, Cooper A. Hall and Prof. A. H. King, of this city.

Early in the session the Juniors had won from the Seniors, and the Freshmen from the Juniors in inter-class debates, the debate last night making the Junior class champions of the year.

The debate was attended by a large and appreciative audience of students and visitors.

Country Club Grows Rapidly

The membership of the Greensboro Country Club is steadily growing, the membership list now numbering eighty-six. The members secured since the initial meeting are Geo. H. Royster, R. F. Dalton, Thomas Dalton, R. C. Bernau, W. E. Allen, Neil Ellington, Ceasar Cone, Howard Gardner, F. P. Hobgood, Jr., Paul Lindley, C. H. Andrews, R. C. Strudwick, R. P. Dicks, W. B. S. Winans, Dr. J. L. Mann. It is the aim of the club to increase the membership to 100 within the next few days.

Elon Ball Team Lost to Whitsett

Elon College, March 11.—Errors proved costly for the Elon College team in a practice game with Whitsett Institute this afternoon on the local diamond. This was the second game for the locals this season, but with a new battery and several other new men on the team, Whitsett piled up 8 runs to Elon's five. At the end of the ninth inning the score stood five to five, and prospects good, but the fatal tenth did the work.

THE WESTMINSTER REVIVAL MEETINGS.

Rev. Dr. Shaw preached a strong sermon at Westminster Presbyterian church last night on the subject "The Providence of God." There was a large congregation present and the interest was good. In the afternoon Dr. Shaw preached to children.

There will be services this morning at 11 o'clock and this evening at 7:30 o'clock. The public cordially invited.

JAMES J. MCMANUS DEAD.

His many friends in this city will regret to learn of the death of James J. McManus, of East Pembroke, N. Y., which occurred on last Wednesday. Mr. McManus was a wholesale produce dealer and was well known to the merchants of Greensboro, having visited his cousin, Tom O'Conner, several times.

BLOCKADERS VIOLATED THEIR PAROLE PLEDGES

WILKES COUNTY MEN RETURNED TO OPERATION OF STILLS AND MUST GO BACK TO FEDERAL PRISON IN ATLANTA.

United States Marshal W. E. Logan, of Asheville, last night brought to Greensboro Bruss Church and C. B. Dyer, who this morning will be taken to Atlanta to complete a sentence in the United States penitentiary in that city.

The two prisoners were tried and convicted on the charge of illicit distilling at the September term of Wilkesboro court and sentenced by Judge Boyd to serve a year and a day in the federal prison at Atlanta. A law recently enacted by Congress provides that when a prisoner has served one-third of his term he shall be liberated on parole and remain free so long as he behaves himself. They were released on February 5 and immediately returned to Wilkes county and resumed blockading operations. The prison warden kept close tab on the men and as soon as he learned that their parole had been violated he issued warrants for their return to the penitentiary to complete their sentence. Marshal Logan arrested the men yesterday morning and brought them on to Greensboro.

Found Fire in Bureau Drawer

Mr. and Mrs. John W. Paisley, who live near McLeansville, were in Greensboro shopping last Thursday. When they returned home they were greatly frightened to find their home full of smoke. They went through every room in the house but could not at first locate the fire. Finally they discovered that the source of the smoke was in a bureau drawer in one of the bed rooms. In this drawer they found a shirt and several other articles in a half-burned condition. But the fire had gone out, presumably because the drawer closed tightly so that the air necessary to combustion was not available. A partly burned match was found in the drawer. It is supposed that a mouse gnawed the match and thus started the fire which partly burned the contents of the drawer and filled the house with smoke. The circumstance of the drawer being closed tightly is probably what saved the house from destruction.

MORE LIGHTS ON ELM STREET.

The Public Service Company has installed three additional flaming arc lamps on Elm street and the appearance of the street, from a point of lighting, is improved considerably. One lamp is midway between Sycamore and Washington, another between Washington and Depot streets and the other is on the hill beyond the railroad.

Y. W. C. A. SECRETARY TO MAKE ADDRESS.

Miss Cain will address the women of South Greensboro at the Asheboro Street Baptist church at 4 p. m. Sunday afternoon. A large congregation is desired.

ROAD COMMISSIONERS WILL BE APPOINTED UNDER NEW LAW

The County Commissioners will meet Monday morning for the purpose of appointing road commissioners for each of the eighteen townships in the county, as required by the new Guilford County Road Law, enacted by the recent Legislature. There will be fifty-four of these commissioners, three for each township and they will serve without pay.

The new law provides for three road commissioners for each township in the county to have charge of the temporary road work in their respective townships, subject to the supervision of the County Commissioners. The permanent work and the working of the convict forces will still be under the direct supervision of the County Commissioners.

The law requires the County Commissioners to apportion out of the road funds such amount as shall be needed for each township, this to be expended by the road commissioners of the township, but all bills for expenditures shall be approved by the County Commissioners before such bill is paid and no set of road commissioners shall spend in their township more than the amount appropriated by the county for said road work.

The new law repeals the portion of the old law making persons liable for road duty to work as much as six days per annum in case it is deemed necessary by requiring that all persons liable for road duty shall work as much as two days or pay the sum of 75 cents per day in lieu of manual labor. The bill further provides machinery whereby any township that so desires can vote a supplemental road tax, similar to the special school tax and in townships having such taxes all persons are exempt from road duty and the roads of said township are to be kept up entirely by taxation.

The law requires that the road commissioners shall meet with the County Commissioners and discuss the conditions of the roads and the best way to improve them.

Greater, growing Greensboro is going. There is evidence of it on every hand. Greensboro is a going and a growing city.

The State announces that Columbia is the most attractive winter resort in the country, being bothered with neither Presidents nor ex-Presidents.

There will be no extra session of the Southern Commercial Congress, which is bad for Atlanta. The free advertising secured through this Congress is altogether to Atlanta's liking.

Perhaps Senator Bailey engaged in that resigning stunt for the purpose of advertising Texas. Anyway, Bailey causes Texas to be talked about a great deal.

The Tarboro Southerner says that an Edgecombe county man sold nine hogs for $75,000 each. That is rather high for hogs. In fact $75,000 ought to buy a good sized golden calf.

President Diaz, also, appears to be numbered with those who can't come back. The fact that Uncle Sam seems to be preparing to take charge if Diaz and his country confirms this suspicion.

That North Carolina escape from the Raleigh State prison, who was unmasked in Kentucky, is not getting his due. At last accounting he was several hundred columns behind Danville's ex-Chief of Police in the matter of publicity.

WHAT NORTH CAROLINA EDITORS ARE SAYING.

THE CAROLINAS LEAD.

In the cotton-mill business the Carolinas lead—North Carolina having the most mills, while the South Carolina mills have the most spindles. The Manufacturers' Record contrasts the number in each of the States of South Carolina, North Carolina and Georgia, and discusses the question raised by a correspondent of why the two Carolinas lead Georgia so much. In 1840 North Carolina had 25 mills, South Carolina 15, and Georgia 19. In 1910 the number had grown until North Carolina today has 331, South Carolina 185, and Georgia 157. The lead is as great over Georgia in the number of spindles. In 1840 North Carolina had 47,934 spindles, South Carolina had 16,355, and Georgia had 42,589, whereas in 1910 North Carolina had grown to 3,374,917 spindles, South Carolina to 4,064,320, and Georgia to 1,972,833. Why do the Carolinas lead Georgia so far? The Record does not answer that question, but thus discusses it:

"There hardly seems to be any reason in nature for any great difference in the number of cotton mills in any one of the States from the number in any other of the three States. If there were any difference in this respect, it should be in favor of Georgia, upon the theory that a cotton mill is best placed when closest to the cotton field. For in the past four seasons, for instance, from September 1, 1906, to August 1, 1910, Georgia raised more cotton than the two Carolinas combined. But the situation of Georgia in this respect appears in more extreme phase in Texas. In that State 2,676,000 of the 10,610,000 bales, or 25 per cent of the total commercial crop of the season ended August 31, 1910, were raised. But that in that time there were but 17 mills and 118,250 spindles in Texas.

"Nor should there be much difference between Georgia and either of the Carolinas as to textile equipment if it were a matter determined by promptnes in entering the textile manufecturing field. But the exploration into social, economic and political conditions in the three States during the past fifteen years in an effort to determine why the number of cotton mills in Georgia, which in 1860 and in 1880 was greater than the aggregate number in the two Carolinas at these periods, has not increased in the past thirty years, and especially in the last ten years, at anything like the rate of increase in the other two States, has many fascinations about it. The question of our correspondent is one that could be debated profitably in the Carolinas and Georgia."

Senator Simmons Wrong.

Senator Simmons has deliberately furnished Governor Kitchin the best kind of a cudgel for the coming senatorial scrap. Mr. Simmons' vote against reciprocity and in favor of Lorimer may not prove that he is dishonest, but most of those who do the voting in this State think that he is wrong.—The Davidsonian.

Democracy's Lock.

The Democrats are playing in luck these days, and through them the country is, too. President Taft, in order to put through some of his own pet schemes, has called an extra session and opened the door for some real reformatory work by the Democrats who where so recently commissioned by the people to take charge of affairs.—Kinston Free Press.

Guilford Should Get in This Contest.

Those who count on Robeson county do not count in vain. Noting our commendation of that Catawba county hen which has reached the green old age of fifteen, The Maxton Scottish Chief hastens to hold up a Robeson fowl which has been fed through nineteen stormy winters. We should be pleased to hear from The Siler City Grit, as it cannot be possible that Chatham has nothing to show in this direction. —Charlotte Observer.

Mrs. Harriman Pays Big Inheritance Tax

Salt Lake City. Utah, March 10.—State officials yesterday forwarded to New York for collection a check for $798,546.85 signed by Mary W. Harriman.

The check was given in payment of the five per cent. inheritance tax on 55,000 shares of common and 51,000 shares of preferred stock in the Union Pacific Railroad, worth $15,980,937 belonging to the estate of the late E. H. Harriman. Utah was entitled to the tax, as the Union Pacific is incorporated in this State.

Party of Three Lost in Luray

Luray, Va., March 10.—The finding of a party of two men and a woman ready to perish in the depthes of one of the numerous caves in the vicinity of the famous Luray Cave, today, is the first incident of the kind that has occurred in many years.

James Silvus and his wife and a friend, Dick Fawley, all tenants on the Neff farm of Shenandoah county, paid a visit to the vicinity several days ago, and while here decided to visit the numerous caves. Not content with the 'Luray," the party borrowed a lantern and went out for adventure. After losing their way in the cave the lantern went out, leaving them to wander around for hours without food and badly in need of fire.

Charles Emswiler and Len Williams, two young boys, remembered that the lantern had been loaned, but not returned, and no word having come of the missing party, they started on the search. The three were found calmly awaiting death, half starved and fully believing their end had come.

They were in a pitiful condition when finally brought out to the air, where food was given them.

LARGEST FEE EVER GIVEN TO WOMAN

The largest legal fee ever given to a woman attorney was won by Miss Mary E. Miller, a Chicago attorney, when a jury in Judge Gibbons' court gave her a verdict for $32,500. The verdict was against the heirs of the late John Bross, former lieutenant governor of Illinois, who Miss Miller represented in a will litigation. To make her victory all the more complete, Miss Miller conducted her own case, examining witnesses and making her own argument to the jury. While Miss Miller's fee does not come near equaling in amount the enormous sums paid at different times to her brother members of the bar in Cook county and the country at large, it establishes a new mark for women lawyers of the United States.—Chicago Inter Ocean.

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. FOUND FROZEN ON SLED.

Seattle, Wash., March 11.—Members of the Alaska road commission, which surveyed the proposed wagon road between Nome and Edward, arrived here today. They reported finding the body of John Olson, a prospector, sixty miles from the Iditarod, late in January. The body was frozen on a sled.

The surveyors pronounced the road, for which Congress appropriated $50,000, as perfectly feasible. The road will be 512 miles long.

The Pioneer Shoe House of Lynchburg

"WITT'S SHOES" have been known to southern people for thirty-five years. In all that time we have been offering the best of leathers, carefully put together, in the best styles of each season. We were the first shoe merchants in Lynchburg; you may say we established Lynchburg's reputation for good shoes. We have seeo this city grow from an insignificant shoe depot to be the greatest shoe center in the South. "Witt's Shoes" have played an important part in this growth. Our efforts have taught southern merchants to believe in southern-made shoes. Witt Shoe quality has taught southern men and women that southern-made shoes were the equal of New England makes and western makes. Today you can buy a Lynchburg-made shoe that is the equal of any shoe in the world in style, leather and making, and you get it for less money. Fair dealing and honest values have brought a new southern industry to life. They are bringing new wealth to the entire South.

Better Shoe Values Than Ever Before

The prosperity that has come to Lychburg has come to these factories. We have added new capital to our old reputation for reliable shoes. We have added new blood to our organization. We have gingered up every department. The Witt Shoes, besides being the oldest established Lynchburg Shoe, is going to be one of the best made, best sold shoes in the South. The heads of our factory force are men who have grown up in this busjness. They know the needs of the southern people, their tastes and peculiarities. We are better able now to make shoes to fill your needs than ever before.

Our selling organization has been revitalized. We are going to put "Witt's Shoes" into every town and city in the South. Thousands of people have known "Witt's Shoes" for over thirty years. Many will not wear any other. Some have drifted away because the local dealer has been won over to some other line. We are going to put the Witt line with a dealer in your town if there is no Witt dealer there now. Ask for the Witt Shoe, the shoe your father wore because he knew it was good. You will find it even a better shoe today. You will find it represents all the quality that has brought the cream of the South's shoe business to Lynchburg. Dealers: see this old-shoe-made-young. Our salesmen are on the road with the 1911 Fall samples. See the goods, listen to the story of the new prosperity. We are pulling for the prosperity of the entire South. Let's make Lynchburg the first shoe city in the land, and the South the shoe-maker of the country. Lynchburg-made shoes for everyone.

The regular meeting of the Euterpe Club was held in Miss Woodall's studio yesterday afternoon. After the monthly business session, the study of Wagner, to which the club has devoted its attention for several weeks, was resumed. Mrs. Van Noppen told the story of Lohengrin very interestingly. Elsa's Dream from Lohengrin was sung by Miss Ethel Harris. The story of the following operas was given:

"Das Rheingold," Mrs. Stone; "Die Walkurie," Miss Dorsett; "Siegfried," Mrs. Klingman; "Gotterdammerung," Mrs. Hudson. "Siegmunds Liebslied from Die Walkurie" was given as a violin solo by Miss Woodall.

At the next meeting Mr. Hill, director of music, at the Normal College, will give a lecture on one of Wagner's operas.

Melton Clark for use of assembly room in organizing Junior Civic League. The daily papers and press correspondents of Greensboro for their good work in advertising the lecture. The citizens who took part in the parade, furnished automobiles, and in other ways gave evidence of their sympathy and co-operation.

Y. W. C. A. Bible Class Entertained.

Thursday afternoon Rev. and Mrs. Stephen S. Myrick delightfully entertained the members of the Bible class of the Y. W. C. A., which is conducted by Mr. Myrick. The class had just completed a course of study of Old Testament characters. Mr. Myrick gave a brief review of the course, this proving to be most interesting. A feature of the afternoon was the reading of rhymes by members of the class, their names being used. Miss Cain, secretary of the association, in behalf of the class thanked Mr. and Mrs. Myrick for the delightful occasion arranged for them.

On next Thursday afternoon at 4:30 o'clock the class will begin a six weeks course of study on the comparative religions. Rev. Mr. Myrick is specially prepared to teach this class, having visited the shrines of nearly all heathen religions. All women are invited to join this class.

SHOES AND HAIR-CUTS

"The shoe business is just like a barber shop. Give a man a poor hair-cut and he may not find it out till he gets home and his wife makes him turn 'round seven times for inspection. But you can bet tht next hair-cut will be in another shop. Sell a man a pair of "good-lookers" which will not stand up under wear, and he may not know it for a few days, but you might as well put a smallpox sign on your store and expect him to visit it as to hope for him to come back for another pair."

We sell the famous Bostonian shoes at this store, the kind that make a man come back for another pair and keep on coming back again and again. Hundreds of the best people in this city long ago acquired the Bostonian habit and wear these excellent shoes season after season, summer and winter.

The new styles for spring are here ready for your inspection. Oxfords and high cuts, in Gun Metal, Vici, Patent Colt and Tan, $3.50, $4.00, $4.50 and $5.00.

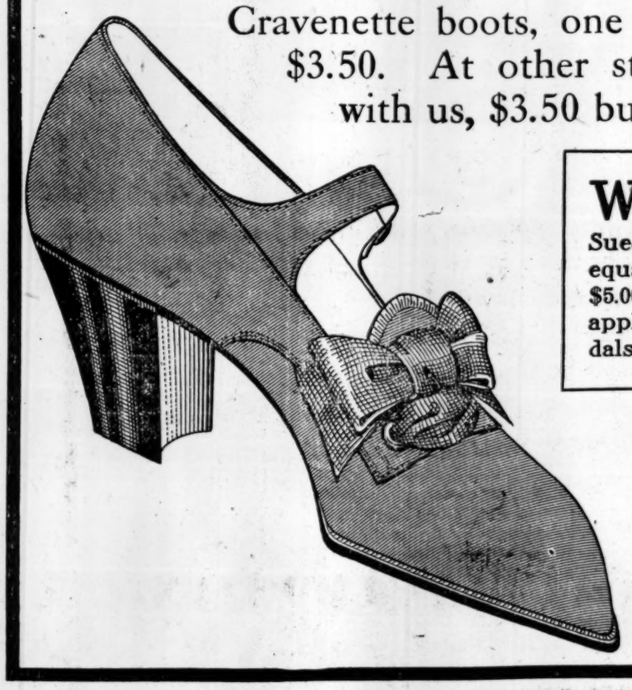
Women's Footwear

NOTHING has been shown in late years which has proven so popular as the Black Cravenette one strap sailor tie. This imported Cravenette wears better than leather, makes the shoe fit like a glove and is more comfortable than the softest of leathers. We are showing a great variety of the very best Cravenette boots, one strap sailor ties and other styles at $3.50. At other stores this is the $5.00 kind, but with us, $3.50 buys the best.



WE guarantee that the College Woman's Walking Shoe which we sell for $3.50 in Cravenette, Suede, Patent Leather, Gun Metal and Kid is the equal in style, snap, wear and workmanship of any $5.00 woman's shoe sold by our competitors. This applies to the boot as well as oxfords, pumps, sandals and ties, a full line of which we carry in stock.

Don't fail to see our line of one strap sailor ties in patent leather, gun metal, dull kid, and other leathers at $2.50, $3.00 and $3.50.

OLD TYPEWRITER CONSTITUTED ASSETS OF FOUR FIRE INSURANCE COMPANIES IN PHILADELPHIA

Philadelphia, Pa., March 11.—Impetus has been given the campaign of the State insurance department against questionable mutual fire insurance companies by the revelation that four of the six concerns which were thrown into bankruptcy were absolutely without any sort of resources, with the exception of a broken-down typewriter with a damaged letter "G."

This discovery is expected to play an important part in the efforts of Insurance Commissioner Samuel W. McCullouch to induce the legislature to pass an act at the present session strengthening the law regulating mutual companies in this State. In the past, when efforts were made to obtain a change in the law, which has long been considered inadequate, country members of the legislature have opposed the measures through fear that they would be injurous to the mutual companies in rural sections.

Expected to Hasten Action.

The revelations made in connection with the four insolvent companies are expected to hasten the inquiry into the condition of the fifteen concerns already ordered investigated and to bring about a speedy sweeping examination of the accounts of the entire seventy concerns which are under suspicion.

It was learned yesterday that when an effort was made to discover the assets of the Kensington, the Reserve, the Reliable and the Paxton mutual fire insurance companies, after they were placed in the hands of a receiver, nothing was found excepting an old typewriter in the office of Charles E. Collins, of 119 South Fourth street. Collins was an officer in all four of the insolvent concerns. The fire risks of the four concerns ran far up into the millions.

Investigation into the condition of the other two companies in the hands of a receiver, the Liberty and the Lincoln, has not yet been completed. But it was said yesterday that Receiver James A. Tanner and C. J. Hepburn, as attorney, expect to pay all claims against these concerns.

Several men of property, it is said, were back of these companies when they were formed, and these will be sued for the amount of the indebtedness of the concerns remaining after all possible assessments are collected.

George J. Chetwood, who was general manager of the Lincoln company when they were placed in the hands of the receiver, has formed a partnership with Charles E. Collins, who was an officer of the four companies found without assets.

Now Control Another Company.

Chetwood and Collins are now said to be in control of the Equity Mutual Fire Insurance Company. About a month ago, after they had become connected with this concern, President Charles M. Siefken, of 5275 Germantown avenue; Secretary Harry H. Ottinger, of Cullom street, and four directors of the Equity company resigned because Chetwood and Collins had assumed an active interest in the handling of the company's affairs.

There was a general feeling among insurance company officials yesterday that the campaign of the State insurance department against questionable mutual fire companies will result in the discovery of numerous other concerns than the Kensington, Reserve, Reliable and Paxton, which are doing an extensive business of almost national scope without capital or resources of any sort beyond the "perpetual policies," which men who do business with them are duped into signing.

NIGHT RIDER SAYS AMOS WAS LEADER

Hopkinsville, Ky., March 11.—Sanford Hall, second of confessed Night Riders to testify in the trials here of men alleged to have been leaders in the raid on this city in 1907, says he knew Dr. David A. Amos, defendant in the current case, to have been "general" of the Night Rider clan.

Arthur Cooper, a brother of Axion Cooper, who was killed by Night Riders in Lyon last summer, swore he was employed by Doctor Amos and Guy Dunning to organize lodges.

Warning to Railroad Men

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroading. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." Howard Gardner.

BILL TO PUT A BAN ON 'HAREM' SKIRT

2Springfield, Ill., March 10.—Harem and hobble skirts were the subject of a bill presented in the house today by Representative Murphy, of Chicago. 'Hobbles" measuring less than one and one-half yards and not more than three yards at the bottom are prohibited.

An absolute ban is placed upon the "harem skirt" by the bill, which prohibits any woman appearing in public in the garb.

The penalty for violation of the proposed law is a fine of not less than $10 nor more than $50 for each and every offense.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Mrs. Evelyn Poe, of Salem, Va., writes: "Three years ago I had a rough place on my neck, it would burn and itch. I was afraid it might be of a cancerous nature. THE NORTH CAROLINA NEAR BEER LAW

Two importan measures which passed the recent session of the General Assembly were the law prohibiting the sale of near-beer, beer-ine and similar drinks, and the law to end the barter, sale, exchange or handling in any way of liquor in clubs or by aggregation of persons in any way, by club locker system or otherwise.

The act prohibiting the club locker system is now a law, having been ratified on the sixth day of March, the enacting clause putting it in force from and after its ratification. The act to prohibit the sale of near-beer, beerine and so on becomes effective on the first day of July, 1911.

The Near Beer Law.

An Act to prohibit the sale of near-beer, beerine and other like drinks.

The General Assembly of North Carolina do enact:

Section 1. That it shall be unlawful for any person or persons, firm or corporation to sell or dispose of for gain, near-beer, beerine or other spirituous, vinous or malt liquors or mixtures of any kind and under whatsoever name called, that shall contain alcohol, or cocaine, or morphine or other opium derivative, except as herein provided.

Sec. 2. That it shall be unlawful for any person or persons, firm or corporation, who is engaged in the sale of any kind of drinks, to refuse to allow any person to carry away from the place where said drinks are being sold or offered for sale, any package or quantity of any size of said drink which has been bought and paid for; and if any person, firm or corporation shall refuse to allow said package or quantity of said drink to be carried away from the place of sale, it shall be prima facie evidence of the violation of this act.

Sec. 3. That any person or persons, firm or corporation in any county in this State violating the provisions of this act shall be guilty of a misdemeanor, and fined or imprisoned or both, for each and every offense, in the discretion of the court; Provided, that this act shall not be construed to forbid the sale of spirituous, vinous, fermented or malt liquors or intoxicating bitters by a legalized medical depository, or by any licensed and registered pharmacist, for sickness, upon the written prescription of a regularly licensed and actively practicing physician or surgeon having the person for whom said prescription is made under his charge, which said prescription shall specify the amount of spirits required; and that this act shall not be construed to prevent the sale of any alcholic liquor or any legalized medical depository or to any licensed and registered pharmacist, or any cocaine or morphine or other opium derivative to any registered pharmacist; and that this act shall not be construed to forbid the sale of cocaine, morphine or other opium derivative by a licensed pharmacist upon a written prescription by a regular licensed physician or surgeon; Provided, further, that this act shall not apply to the sale of domestic wines when sold in quantity of not less than two and one-half gallons in sealed packages or crated, on the premises where manufactured, or to the sale of cider in any quantity by the manufacturer from fruits grown on his land within the State of North Carolina, or to the sale of wine to any minister of religion or other officer of a church when said wine is bought for religious or sacramental purposes, or to the sale of flavoring extracts or essences when sold as such, or to the sale of medical preparations manufactured in accordance with formulas prescribed by the United States Pharmacopoeia and National Formulary which contain no more alcohol than is necessary to extract the medical proporties of the drug contained in such preparations, and no more alcohol than is necessary to hold the medical agents in solution, and which are manufactured and sold as beverages, or to the sale of any medical preparation which is manufactured, sold and used as a medicine and not as a beverage, or to the sale of carbonated drinks that contain no more than one-tenth of one per cent of alcohol, and in which drinks a flavoring agent is used, in the manufacture of which flavoring agent alcohol is used, to dissolve and hold in solution or to extract from the crude material said flavoring agent.

Sec. 4. That this act shall be in force and effect from and after the first day of July, one thousand nine hundred and eleven.

In the General Assembly read three times and ratified this, the 24th day of February, 1911.

GETTING READY FOR MUNICIPAL FIGHT IN CITY OF DURHAM

Durham, March 11.—The middle of April has now been generally agreed upon by the Democratic leaders as the time for the holding of the primary for the nomination of Democratic nominees for city offices.

At the present time four candidates for the Democratic nomination for mayor have come prominently to the front, though no official announcement of any candidacy has been made so far. The four that are mentioned are: P. C. Graham, W. J. Griswold, J. D. Pridgen and D. W. Sorrell. If these run, which in all probability they will, it is easy to see that the fight in the primary will be a lively one with the results entirely uncertain.

A number of the friends of Mr. Graham have been urging him to run for the nomination. Mr. Graham was mayor of the city for four years, has been a member of the board of aldermen and is in every way qualified for the position. The record of Mr. Griswold as mayor of the city is too well-known to need comment. He has doubtless made many enemies by the firm stand which he has taken on some things, but he has also many friends who would support him for the office for another term. J. D. Pridgen is one of the best-known business men of the city. He has always taken an active interest in city affairs and has been a considerable force in helping to build up the city. He was formerly a member of the board of aldermen and was chariman of the street committee; is very prominent in secret society circles, and would without doubt make a strong race for the nomination. Mr. Sorrell was at first put forward by the independents, but the Democratic leaders are strongly of opinion that if he is a candidate at all it will be in the Democratic primary. Mr. Sorrell has been active in city and county politics for a number of years. He was formerly county attorney, a number of the board of education, and served as secretary of the democratic committee.

The Democratic leaders are of the opinion that the only fight of the campaign will be for the Democratic nomination. They point to the large number of Democratic voters in the city in excess of the Republican voters.

SUPPOSED CORPSE RETURNS

Man Thought to Have Died in Fire Scares His Friends.

Georgetown, Del., March 11.—When William Green walked into town today, after having been missing for several days, in which time his home in the woods had been burned, his friends were sure they were looking at a ghost until Green convinced them that he was alive and well and had not been burned to death as they supposed. Men who arrived at the scene after the fire found a heap of burned clothes that they were sure was the body of Green.

When the fire occurred Green was asleep in the place and managed to get out just in time to escape being burned to death. With only the clothes on his back and with all his belongings destroyed, he made his way to another camp, several miles away, and worked there until he decided to come to town, to be told that he had been regarded as dead.

JUST Rheumacide IT CURES

Rheumatism and Blood Diseases

The cause of rheumatism is excess uric acid in the blood. To cure rheumatism this acid must be expelled from the system. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments may ease the pain, but they will no more cure rheumatism than paint will change the fiber of rotten wood.

Cures Rheumatism To Stay Cured.

Science has discovered a perfect and complete cure called Rheumacide. Tested in hundreds of cases, it has effected marvelous cures. Rheumacide removes the cause, gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the bowels and kidneys.
